INTERNET / NETWORK ACCEPTABLE USE (signed by parent or legal guardian)

School District No. 64 (Gulf Islands) provides internet and network access to students and staff at all schools. This access is important as the BC curriculum requires internet use in a variety of contexts. To ensure the district's ability to provide internet and network service to its students and staff will not be interrupted or jeopardized in any way, all users are required to agree to the "acceptable use" terms outlined below. I agree on behalf of my child to:

- use the internet/network at school for school-related activity.
- refrain from using personal devices during instructional time unless otherwise permitted for educational, health, or safety reasons.
- limit network access for personally owned devices to the school district guest Wi-Fi network only. Other access will require the device to be registered with the school.
- refrain from downloading materials that are protected by copyright and trademark law or of accessing inappropriate or offensive materials.
- use social media at school only as it pertains to school-related activity or communication with staff/students about school-related activity.
- refrain from communicating with other students or staff in a way that could be seen as harassment, intimidation, libel, or humiliation.
